Subject: Clarke/Anvil briefing

Susan,

I think I was premature in stating this morning that we could now share non-public information with the Transition Team. The note that I referenced from Wes Carpenter stated that we can "add non-publicly available information to update [existing Transition Team briefing papers] ... so the new administration staff can get up to speed quickly on these topics and issues. Please plan on having these papers completed by COB Tuesday, January 19, 2021, as the First Team may be arriving as soon as the afternoon of January 20, 2021."

The change in approach to include non-public information seems to be for papers that will be shared after the inauguration, when landing team members will be temporary federal employees. Thus, the information that can be shared at the Wednesday briefing on Clarke/Anvil is likely to continue to be limited.

Let me know if you'd like me to explore this further with OGC.

Larry
